

Sumari de revistes

Cardiologia

1. "Screening cardiologico per la definizione dell'idoneità fisica all'attività ISEF". **N. Aspromonte et al.**
11. "Cardiac MRI of elite junior olympic weight lifters". **J.J. Flec et al.**

Biomecànica

18. "The effect of aurosal on joint kinematics and kinetics in children". **A. Beuter et al.**
10. "Mechanical aspects of the sprint start in olympic speed skating". **J. L. Koning et al.**
10. "A multisegment dynamic model of ski jumping". **M. Hubbard et al.**
13. "Rapid and accurate estimation of release conditions in the javelin throw". **M. Hubbard, L.W. Alaways.**
15. "Möglichkeiten und grenzen der computersimulation von Sportlichen Gewegungen". **H. Stuckc.**
15. "Individuelle optimierung der laudeweite beim weitsfrund mit hilfe der computersimulation. **L. Mendoza.**

Bioquímica

11. "Effects on long-endurance running of immune system parameters and Lymphocyte function in experienced marathoners". **D.C. Nieman et al.**

11. "B-endorphin, catecholamines and cortisol during exhaustive endurance exercise". **L. Schwarz.**
8. "Face cooling-induced reduction of plasma prolactin response to exercise as part of an integrated response to thermal stress". **G. R. Brisson.**

Farmacologia

2. "Orienteering performance and ingestion of glucose and glucose polymers". **V. M. Kujala et al.**
6. "Studii privind efectele suplimentarii proteice si a L. Carnitinei la ciclisti junior". **I. Dragan et al.**

Fisiologia

19. "Systeme automatique d'évaluation des performance anaérobies". **F. Friemel et al.**
19. "Modélisation rhéologique de la cinétique cardio-respiratoire: exercice sous-maximal et environnement froid". **P. Vogelaere et al.**
4. "Modifications de la reponse de l'axe hypothalamo hypophyso-gonadique des jeunes hommes soumis à un exercice intensif". **B. Leheup et al.**
8. "Muscle bionergetics in acute glycolytic block: in vivo phosphorus-nuclear mag-

netic resonance study of iodo-acetate injected rats". **Z. Argov et al.**

17. "Predicting maximal oxygen uptake in children: modification of the Astrand-Ryhming test". **M. L. Buono.**
18. "Norms for the Wingate anaerobic test with comparison to another similar test". **P. M. Maud.**
20. "Biological principles in the body's adaptation to training loads". **I. G. Ogoltsov.**
8. "Determinants of bone density among athletes engaged in weight-bearing and non-weight-bearing activity". **J. E. Block.**
11. "Estructural and ultrastuctural changes in skeletal muscle associated with long-distance training and running". **H. Kuipers et al.**

Nutrició

3. "Overall intake of energy and key nutrients: Data for middle-age and older middle-class adults". **P. Tiidus et al.**
2. "High-carbohydrate diet for long distance runners a practical point-of-view". **M. Fogelholm et al.**
11. "Protein and energy metabolism during prolonged exercise in trained athletes". **T. P. Stein et al.**

Patologia General

5. "Le sportif pourrait-il être immuno-déprimé?: Premiers éléments de réponse". **A. Ferry.**
19. "L'exercice physique maximal chez l'enfant asthmatique: limitation aérobie et compensation anaérobie?". **A. Varray et al.**

Psicologia

21. "L'anxiété en situation de compétition en gymnastique sportive masculine". **D. Closset.**
22. "Psychological interventions with athletes in competitive situations". **M. Bar-Eli.**
18. "Influence of perceived competence and causal dimension orientation on expectations, persistence, and performance during perceived failure". **M. E. Rudisill.**
14. "No what, but how one feels: The measurement of effect during exercise". **C.J. Hardy, J. Rejeski.**
6. "Contributii teoretice si practice privind selectia si orientarea psihologica a juniorilor". **M. Serban.**

Traumatologia

2. "Achilles tendon rupture in

badminton". **S. Kaalund et al.**

16. "Apport de l'échographie de la main en milieu sportif. A propos d'un accident de la main chez un lanceur de poids". **B. Boudjema et al.**
4. "Luxation traumatique isolée de l'articulation péronéo-tibiale supérieure". **PH. Videcoq et al.**
12. "Osteocondrosi dell'arto inferiore nei giovani calciatori". **P. Ghiggio, G. Nobile.**
12. "Reperti artroscopici nelle instabilità anteriori di spalla dello sportivo". **P. Aglietti et al.**
