

Sumari de revistes

Alimentación

1. Dietary supplementation with Vitamin C Delays the Onset of Fatigue in Isolated Striated Muscle of Rats (J.H. Richardson).
7. Hormonal Changes Following Exercise after Ingestion of Fructose or Glucose (R. Frenke).
19. The effects of Vitamin C on maximum grip strength and muscular endurance (R.E. Keith).
20. El corredor y su alimentación.
27. Fructose and glucose ingestion and muscle glycogen use during submaximal exercise (L. Levine).

Cardiología

12. Extra-systolie ventriculaire et décision d'aptitude a propos d'une observation.
15. Prediction of myocardial O₂ demand (G. Elzinga).
19. Cardiac output in preadolescent competitive swimmers and in untrained normal children (K.I. Soto).
21. Studio ecocardiográfico dell'ipertrofia ventricolare sinistra in atleti (L. Agati).
21. Valutazione della risposta cardiovascolare allo sforzo isometrico massimale, mediante la metodica della impedenza cardiaca, in atleti de pallavolo.
22. Cardiovascular adaptation to weightlessness (G. Gunnar Blomqvist).

Cineantropometria

2. Perfil Kineantropométrico del hockista en patines (Juan de Dios Godoy).
7. Body Build of and Selection Criteria for High Jumpers (L. Harsányi).
17. Growth and Health of teenagers in the Netherlands: Survey of Multidisciplinary Longitudinal Studies and Comparison to Recent Results of a Dutch Study (Kemper, H.C.G.).
19. The effects of an individualized physical education program on body composition (R.T. Mulder).
19. An evaluation of intertester variability in anthropometry and body composition assessment (T.J. Housh).
19. Somatotype of Indian long distance (74 Km and 19 Km) swimmers of both sexes (A.K. De).
19. Prediction of body composition in female athletes (J.L. Mayhew).
24. Lower Body Weight Program (A. Pappas).
27. Effects of physical training on adrenergic sensitivity in obesity (M. Krotkiewski).
29. Somatótipo e Prática de Dança (M.A. Veiga).
30. Alimentação, Somatótipos e Esforço Físico nos Alunos do Eusino Secundário (M. Godinho).

Doping

14. Performance synthétique:

dopage dans le domaine du sport amateur (N. Gledhill).

14. Politique anti-dopage de l'ACA.
14. Synthetic Performance: Doping in Amateur Sport (N. Gledhill).
25. Autotrasfusione si, autotrasfusione no (R. Molinaro).
34. Estudo duplamente cego entre um bio-energizante e um placebo (J. Silva).

Fisiología de esfuerzo

1. Cardiovascular responses to short-term Olympic style weight training in young men (M.H. Stone).
1. The Acute Effects of Controlled Breathing Swimming on Glycolytic Parameters (S.S. Hsieh).
3. Valoración de la resistencia de los futbolistas.
4. Fisiología e higiene de la preparación del deportista (P. Ruiz).
5. Fatiga de esfuerzo y fatiga psíquica (P. Ruiz).
6. Glucogen, Lactate, and Muscle Fibre in Exercising Rats (T. Djarova).
7. A Comparative Analysis of Physiological Parameters Obtained during Treadmill Exercise in Athletic and Nonathletic Adolescents (E. Martos).
9. Pulmonary gas exchange on the summit of Mt. Everest (J.B. West).

11. Les conceptions actuelles sur l'endurance du coureur de fond et de demi-fond (M. Bueno).
13. Application of the muscle test to Janda to the sports-medical practice (H. Schmidt).
17. Venous lactate and Pyruvate after Submaximal Exercise in Athletes training in different disciplines (A.K. Bhat-tacarya).
19. Marathon swimmers: Physiologic characteristics.
19. Specificity among anaerobic power tests in male athletes (S.E. Beckenholdt).
23. Selection and training program for young athletes in Korea (K.S. Lee).
26. Training-dependent changes of red cell density and erythrocytic oxygen transport (H. Mairbaurl).
27. Ventilatory thresholds during short and long-term exercise (T. Reybrouck).
31. La soglia anaeròbica nello sci di fondo (AA.VV.).
33. Non-invasive Measurements of Physical Maturity in Children (A.F. Roche).

Patología

7. Teaching Asthmatic children of kindergarten Age to swim (I. Gyene).
9. Effects of blood volume on forearm venous and cardiac stroke (S.M. Fortney).
12. L'enfant épileptique, activité sportive en milieu scolaire.
16. The high Incidence of Mismatched feet in the Population (W.A. Rossi).
32. School Sport with renal diseases (H. Nowak).

Psicología

8. Mental activity, dreams and performance in team sport athletes (P.J. Carpinter).
8. The importance of psychotherapy for athletic related orthopedic injuries among adults (W.D. Eldrige).
8. Relationship between anxiety and performance on two aspects of a throwing task (J.J.M.E. Adam).
8. Mental preparation during training. A descriptive appraisal (A. Fujita).
10. Psychosocial Factors rela-

ted to Marathon running (J. Summers).

21. Manifestazioni emozionali ed attività agonistica (F. Rubino).
28. Religion and Superstition in the Sport of Basketball (H. G. Buhrmann).

Traumatología

13. Lateral ligament lesions of the upper ankle joint (W. Hackenbruch).
13. Traumatic luxation of the hip joint – a rare lesion in wrestling (S. Carl).
18. Lesioni asintomatiche acute e croniche del legamento crociato anteriore (A. Chiapuzzo).
18. Problemi di rieducazione funzionale nella spalla dello sportivo (G. Tegaldo).
32. On the morbidity of the juvenile osteochondrosis of the vertebral column in athletes (I. Fleischer).
34. Definição, diagnóstico e sistematização das lesões crônicas do aparelho locomotor em atletas (W. Grassi).
